Preschool

Nursery—K's

My First Look is a unique approach to curriculum for churches, designed to give preschool children a first impression of their loving heavenly Father. Each child will be guided to master the teaching concept through the engagement of the five senses using creative activities, participating in experiential worship and learning Bible stories. The goal is to help each child by the age of five believe: God Made Me, God Loves Me, and Jesus wants to be My Friend Forever. For more program information go to www.myfirstlook.org.

Grade School

Grades 1-5

252 Basics is a unique approach to curriculum for churches, built around three Basic Truths: I need to make the wise choice, I can trust God no matter what, and I should treat others the way I want to be treated, so that every child can embrace what Jesus modeled in Luke 2:52. Each Basic Truth is amplified by a weekly key concept. 150 Bible stories are systemically taught over a three-year track. Each night begins in the child's classroom before moving into experiential worship with a live band and large group teaching followed by small group discipleship. For more program information go to www.252basics.org.

Students

Unplugged for Middle School & Beyond the Edge for High School

XP3 is about experiencing three things....WONDER-DISCOVERY- PASSION! This series is created to strategically use these elements so that students move beyond the information about God to an actual experience with Him- one that incites wonder, discovery and passion. Our goal is to incite wonder in the heart of every student in such a way that compels him or her to discover who they are and their passion for influencing others. Each night begins with experiential worship with a live band followed by small group discipleship and large group teaching. For more program information go to www.xp3students.org.

Adults

Bring your personal Bible. Books for class will be available beginning September 21st in the Bookstore and on Sunday evenings for \$10.

Adults

Adults—All Ages and Family Make-up!

Join Dr. Jim Baucom and his wife, Debbie, as they lead adults to deal with real family issues we face each day. They will base their teaching on three books they have found to be extremely helpful: For Women Only, For Men Only, and For Parents Only. As well as teaching, they plan to interview real live parents and married couples from within our Columbia Family, so that we can learn from each other. Following their "master teaching" time, adults will be invited to join tables with other adults who share a similar life journey with them, to delve more deeply and specifically into issues they face in their own lives.
