

Truly, a Great “Co-mission”

Our mission is to grow the influence of the church through the work lives of its people.

An Extension Ministry.

His Church at Work is a distinctive ministry with a singular focus on the church – providing your church with the deep expertise, training, ministry tools and technology to successfully equip and commission believers to view their work as “ministry.” We are called to help you extend the expression of your church’s core values and mission into the surrounding communities where your members have significant influence at work.

An Inclusive Ministry

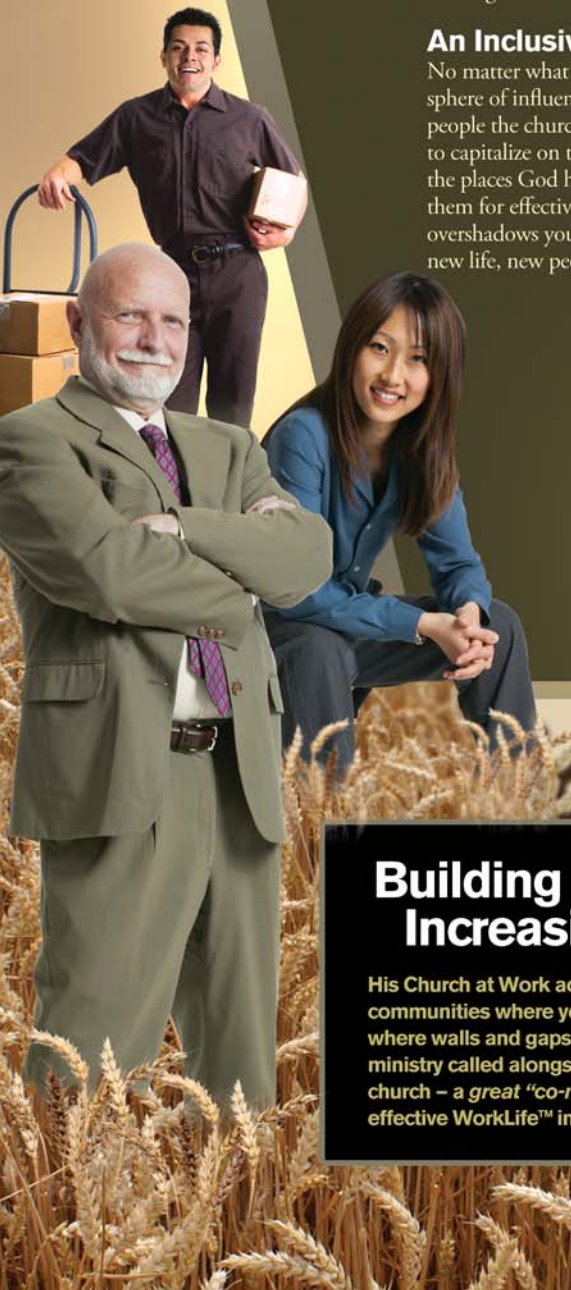

No matter what occupation, every person has a unique sphere of influence at work and regularly connects with people the church never touches. Your church will be able to capitalize on the relationship potential of members in the places God has already planted them and prepared them for effectiveness. WorkLife™ is not a ministry that overshadows your other ministries — it fuels them with new life, new people, new perspective, and new passion.

A Flexible Ministry.

WorkLife™ Ministry can be customized to compliment the culture and values of your church regardless of size, budget, denomination or ministry style. His Church at Work helps you begin a sustainable WorkLife™ ministry that fosters ongoing cultural transformation.

A Bridging Ministry.

Once WorkLife™ Ministry has developed and matured many people start to readily see the difference between going to church and being the church. A WorkLife Ministry affirms and equips them to be on-mission 24/7. People who once felt they had two distinctive lives – one at church and one at work- have discovered an amazing purpose for their WorkLife™ and a place of significance in kingdom service ... a bridge is effectively built!
