

## Impacting WorkLives

Dear Friends of His Church at Work,

I have a few questions for you. **Where do God's people spend a majority of their waking hours? Where do they face the majority of the challenges to living out their faith? Where do they already engage in the majority of their non-Christian relationships?**

The answer is "**their WorkLife**". The fields of expertise for which God has groomed them, are precisely where the church should expect the greatest harvest!

Everyone in your church has a WorkLife and each of those lives are a field ripe for harvest. **His Church at Work** helps churches like yours develop a full spectrum WorkLife Ministry so that your entire congregation, involved in all manner and types of work, can begin and grow in seeing the significance of their worklives.

We thank and appreciate those of you who have already joined and supported this movement in the workplace. If you believe your church would like to intentionally address this area of WorkLife, please forward this to your pastors or better yet - call us and we can help coach you in approaching your church leadership. [Click here](#) for more preliminary information.

Bless you and let us know if we can serve you in any way.

*Doug Spada, His Church at Work*

- SEEING THE SIGNIFICANCE OF YOUR FIELD
- WORKLIFE COREMETRICS
- CONNECTING WITH ALPHA IN THE WORKPLACE

## WORKLIFE COREMETRICS

FOR THE CHURCH

**His Church at Work** is often asked: "**What is WorkLife Ministry and what does a mature, WorkLife Ministry look like?**" As we have worked with many great churches across this country, we have learned a great deal regarding what does work and what does not work in the area of WorkLife Ministry.

The result is the development of the **WorkLife CoreMetrics**--six core attributes or aspirations which can be measured over time in order to help guide churches to an effective WorkLife Ministry. They represent the heart of WorkLife Ministry.

The **WorkLife CoreMetrics** are:

- **RECLAIM**--the missional principle which sees and equips people's worklives as a critical mission field

## SEEING THE SIGNIFICANCE OF YOUR FIELD

A church which affirms its members in their calling to work with purpose and a sense of worship will see dramatic results in the lives of its members and the community. What an awesome experience it is to be a part of a church and ministry which helps believers recognize the significance of their work for God and helps equip and empower them to live out their faith there!

One believer shares their story of a new recognition and perspective as a result of their church's WorkLife Ministry. "It changed my perspective like the light of a new day. By showing me 'what it looks like' to integrate faith and work, by supporting me in 'fleshing it out' my church is blessing me to receive God's 'presence on the job'. I feel like I'm on 'the mission field', Monday through Friday, sent out and supported by my church."

How about you? Do you see the significance of your fields? Do other believers at your church recognize their significance also?

**His Church at Work**--a movement of like-minded churches seeking to follow the Lord's prescription to build up His people to do His work through the affirmation and equipping of local churches.

- **RESHAPE**--people's perspective with God's view of their work
- **RESOURCE**--people for their worklife mission
- **REAFFIRM**--work as a sacred calling
- **REACH**--people's relational networks at work with the hope of Christ
- **RECONNECT**--every worker in biblical community

Churches aspiring to impact their church and members in these ways find that they and their members grow and mature in faith, as they catch the vision of God's purpose for work and how He desires their worklives to be seen as worship.

How about your church? How would you gage its effectiveness in each of these core areas? Are your members being equipped and commissioned to carry and live out their faith where they work?

**His Church at Work** stands willing and able to help your church implement and grow a mature WorkLife Ministry!

## CONNECTING WITH ALPHA IN THE WORKPLACE

**Alpha USA** is a great tactical resource to help your church accelerate the REACH CoreMetric-- helping believers in reaching their coworkers and relational networks with the hope of Christ.

**Alpha in the Workplace** is a 15-session practical introduction to the Christian faith designed to fit with your busy schedule. A condensed version of the popular Alpha course, **Alpha in the Workplace** can be offered over a series of lunch breaks, or even breakfast meetings.

With thought-provoking topics and time for group discussion, **Alpha in the Workplace** gives you an unparalleled opportunity to engage in meaningful conversation with your co-workers. Whether you're employed in an office, a hospital or a factory, **Alpha in the Workplace** can help you share the most important part of your life with the people around you.
