

FAQ

Q: Why is a focus on our member's life at work so Important?

A: Because it's where your members are....they spend most of their time at work. Where and how they work influences every other aspect of their life. When your members begin to mature and comprehend the relevance of their faith life outside the walls of the church, and that their faith belongs in their work, then your church will see the transformation of your people, their families, your church and your city.

Q: What prevents my members from being effective disciples at work?

A: Challenging work life Issues disrupt and distract us from our walk with God. The issues can be gut wrenching, including struggling with work & family balance, sexual temptation at work, dealing with compensation frustration, wondering how to walk in truth under pressure to do otherwise, or being unsure if God even values our work. It is easy to feel vulnerable and alone.
